

# WINE PHILOSOPHY

At Six represents quality, elegance and personality. These principles have guided us in defining our gastronomic identity and ultimately helped us develop a food and beverage experience that feels caring, unique and modern.

Our wine offering has been carefully curated to focus on producers and wines with character and individuality. Furthermore, our sommeliers and chefs have worked together to create a menu where wine and food go hand in hand at all times. Whether you fancy a glass of crisp Riesling from Germany, a powerful Cabernet Sauvignon or an oak matured Champagne, together we will find something in our cellar that perfectly suits your palate.

Warm welcome.

## SON ANTEM

### WINES OF VISION, BALANCE, AND CHARACTER

South of the small village of Alaró, at the foot of the Tramuntana mountains, in Mallorca, this newly started family property. After just four years of searching, Malin and Johan Lidby found the property Son Antem.

Behind the wines themselves are father and son - Johan, with long experience as a wine importer and Simon, winemaker with many years of experience in both France, Australia and the USA. Son Antem, with a documented history back to 1693, is deeply rooted on the slopes of Mallorca in a limestone-dominated and complex soil. The Mediterranean climate meets the height and shelter of the Tramuntana mountains. The vineyards, which grow at 155 to 225 meters above sea level, are cooled daily by the maritime winds. The combination of climate and soil results in elegant wines with quality and freshness in focus. Today, 18 hectares of vineyards have been planted with both local and international grape varieties. In 2022, the first wines from vintage 2021 were presented.
