

WINE LIST

"Too much of anything is bad, but too much Champagne is just right"
- F. Scott Fitzgerald

Dear guest,

The quote above is from our eponym, and we couldn't agree with him more. There is nothing wrong with enjoying life where and whenever possible. A good glass of Champagne is the best way to start!

Our wine list offers you a selection of more than 3000 wines from all over the world. You will find many well-known names, but also some lesser known. Certain countries and regions are especially well represented because they belong to our personal favorites. We would like to share this enthusiasm with you.

Examples are countries like Spain, Italy, Germany, Austria, South Africa, and of course France. *Because we have a special interest for wines from Burgundy, we have chosen to present all of our Burgundy wines separately in 'Our book of Burgundy'.*

We hope that our wines will tell you a story when you taste them, that they surprise you, and that they taste great too. Wines both classic and contemporary made by skillful and passionate winemakers.

Many of those producers deliberately work in the purest and most natural way possible.

Certified organic and biodynamic producers are clearly mentioned as such.

In our list you will also find a number of 'natural wines', where minimal intervention has been the key to success.

Many wines you can order by the glass. Furthermore, we offer tailor-made wine pairings with our dishes, or if you feel like enjoying extra special wines, we'll be happy to do so with our "This Side of Paradise" pairing.

In case you have any questions, feel free to ask. We are delighted to advise you and we wish you a lot of wine pleasure!

Danny Gonzalez & Laurent Richet MS
