BOTTLE FERMENTATION

Champagne can be considered a work of art itself, with a secondary fermentation induced in the bottle, followed by long cellaring, which adds layers and layers of complexity and flavour to the wine. France can no longer claim to be the sole protagonist of the style with some fine sparklers emerging from especially the South of England. Italy's Prosecco, on the other hand, is a feather light and joyful apéritif produced in the hills close to Venice.

FRESH, SCENTED AND CRISP

White wines, with good structuring acidity, can actually substitute the proverbial squeeze of lemon to contrast the flavours of vegetable and fish dishes. The Loire's Sauvignon Blanc, with its range of grassy, apple and gooseberry aromas, likes travelling and can be found in all corners of the world. The complex Assyrtiko comes from the volcanic soils of Santorini, while the Spanish Albariño displays peach and green apple, with zippy acidity. The Pinot Grigio from Friuli puts many a wine, carrying the much abuse name on its label, to shame.

WA01	2019	Sauvignon Blanc – Lionel Gosseaume, Loire, France	30

ELEGANT, OAKED WHITES

Chardonnay arguably is the white grape variety that lends itself best to fermentation and ageing in barrel. Its subdued apple and melon notes blend beautifully with the vanilla, nutty and smoky touches of oak. Burgundy being the ultimate expression of this style, the Pouilly-Fuissé (not to be confused with Pouilly-Fumé, which is made of Sauvignon Blanc), as well as St.-Aubin show great value for money. But there are other varieties, whose complexity can be enhanced by barriques.

WB01	2017	Pouilly-Fuissé “Collection” – Domaine Sophie Cinier, Burgundy, France	55
WB02	2018	St. Aubin 1 ^{er} Cru “La Ruche Dumay” – Domaine Larue, Burgundy, France	60

WB10	2014	Meursault 1 ^{er} Cru “Poruzots” – Francois et Antoine Jobard, Burgundy, France	215

OPULENCE AND CONCENTRATION

The result of late harvest, low yields and prime vineyard sites, giving wines of great concentration and length. Chardonnay, “everybody’s darling”, comes in its most opulent disguise from Meursault, pairing richness with fine acidity and a layer of toasty oak, whereas Kistler’s Noisetiers comes very close to this style.

WC01	2017	Sauvignon Blanc “Piere” – Vie di Romans, Isonzo Friuli, Italy	55
WC02	2017	Chardonnay “Hunting Hill” – Kumeu River Winery, Auckland, New Zealand	60

STONE INTO WINE

The classic white grape varieties from Northern Europe have the capacity to truly reflect their place of origin. Austria's Grüner Veltliner is one of those "soil translators", as is Riesling that reflects its origin like no other.

WD01	2017	Soave Classico "Calvarino" – Pieropan, Veneto, Italy	47
WD02	2018	Riesling "Springvale" – Grosset, Clare Valley, Australia	48

CRYSTAL CLEAR & TRANSPARENT

The preponderance of Germanic style white wines on our list may have become clear by now. These wines complement and enhance our cuisine like no other style, with their lightness of touch, ripe, white fruits and focused acidity, and all that carried by amazingly little alcohol. The wines refresh the palate, while the ongoing taste sensation, the tension between sweetness and acidity – what the Germans call "Spiel", or "play" – the hallmark of cool climate vineyards, has inspired many international producers to pay tribute to this style, which is finally, and deservedly, experiencing a renaissance.

PERFUMED AND RICHLY FLAVOURED

Many wine lovers were seduced into the world of wine by the perfumed, complex scents of Gewurztraminer. With its heady scent of lychees and rose petals the grape variety is making a come-back, not least due to its innate compatibility with oriental spices and herbs, and one of the very few whites to match smoked fish as well as pork dishes. The Grüner Veltliner can develop similar perfumed intensity albeit in the white fruit spectrum, while Condrieu, from the aromatic and rather rare Rhône grape variety Viognier shows rich apricot fruit with a touch of oak.

A SENSE OF PLACE: SACRED SITES

The sense of place, or origin, that truly great wines display, and which makes them inimitable, is what the French describe as “Terroir”, the unique combination of plant, soil type, climate and man’s or woman’s hand. For the French, a grape variety is a mere vehicle in translating this “message of the soil”. The identification of certain plots of land, vineyards and sites, which year after year produce the greatest wines, has been done over many generations and is classified in a system of “Crus” or “Growth”. Affixed to the vineyard name, this system of “Premier” and “Grand Cru”, indicates the exact location of the vineyards as well as the very best France has to offer. In the case of Burgundy, it is the Chardonnay grape translating the site’s characteristics into wine.

ROSÉ

Rosé’s popularity seems unstoppable, and its enjoyment not limited to the summer season either. Arguably the most versatile of styles, from aperitif to proper dinner companion, the best wines are the result of a very brief initial fermentation of the juice and the red grape skins together, just enough to extract some colour out of them. After pressing the fermentation is finished without the grape skins, resulting in a pink or rose wine, displaying fresh aromas of red summer fruits.

P03	2018	Côtes de Provence “Clos Mireille” Rose – Domaine Ott, Provence, France	70
P04	2017	Trubilion Rose – Domaine Michel Lafarge, Burgundy, France (MAGNUM)	89

JUICY, FRUIT DRIVEN REDS

Uncomplicated, but not simple, these wines show generous fruit. Moulin-à-Vent, a Beaujolais Cru, is the perfect example of a fruit driven, medium bodied succulent and complex red. Fuller bodied, but not less pushing on the fruit button, is the Geyserville from Ridge Vineyards who makes some of the finest wines in the whole of California.

RA01	2019	Touriga National/Castelão “Quinta da Lagoalva Tinto” – Quinta da Lagoalva di Cima, Ribatejo, Portugal	30
RA02	2015	Xynomavro “Single Block Reserve Vieilles Vignes” – Alpha Estate, Amyndaio, Greece	47
RA03	2017	Morgon “Côte du Py” – Domaine Foillard, Beaujolais, France	59

BORDEAUX NOBILITY

Arguably the most famous red wine style in the world, the combination of Cabernet Sauvignon and Merlot reaches its pinnacle in Bordeaux. Unlike Burgundy, where the individual sites and plots are classified, the Châteaux that produce a wine that is powerful, yet refined, with perfect balance, were classified in ranking order on basis of the prices the wines fetched on the market in the 19th century. Although there is still validity in the system, neither over or underachievers, nor talented new comers it can take into account. Therefore we have selected what we consider some of the best, almost regardless of their 19th century ranking.

BOLD, RICH, CONCENTRATED REDS

Concentrated reds, which can stand up to the spiciest of dishes, and not seldomly based on Bordeaux's Cabernet Sauvignon. It seems that especially this variety has found a second home in the "New World", where warmer climates ripen the grapes to perfection, resulting in bold cassis flavours and silky tannins. Argentina's talent with Malbec, often blended with Cabernet Sauvignon, has caused nothing short of a sensation. While Moric Blaufränkisch is a beautiful, sophisticated red from steep vineyard sites fermented by indigenous yeast, receiving exceptional praise from Robert Parker.

THE ESSENCE OF ITALY

The very best Italy has to offer to the wine lover is its abundance of indigenous grape varieties, around 1200 at the last count, and of which at least 350 still have economic significance. Sangiovese, the red grape responsible for Chianti Classico, is the sole ingredient for Brunello, a concentrated red wine, showing cherry and dark fruit, as well as notes of cedar and spice. At least as majestic is Barolo made from the Nebbiolo grape. A deceptively pale ruby colour in the glass, this wine exudes notes of dried cherry, liquorice, and leather. Marked by high acidity and persistent tannins, the wine is the proverbial fist in a silk glove and can age for a very long time. Verona's Amarone, with its heady aromas of cherry and dark chocolate, is a concentrated dry and full-bodied red made from dried grapes, and a true labour of love.

PINOT NOIR PASSION - BURGUNDY...

Burgundy's red is all about one grape variety only: Pinot Noir. It is a true prima donna of a grape: fickle to grow and difficult to ripen, especially in Burgundy's cooler climate. It needs the very best vineyard site, with the best exposure to the sun, and good drainage to come to full fruition. Even if this is a given, it is still a challenge to turn the fruit into the style of wine it has become so famous for: seductive, perfumed, complex, with a fine tannic core, and whose bouquet with age develops into notes of forest floor, raspberry and tobacco. Intimate knowledge of the vineyards is therefore of the utmost importance as is a very low yield. Pure and fine, its colour has once been likened to that of "crushed rubies".

... AND ITS COUNTERPARTS

With Pinot Noir's reputation being what it is it may come as a surprise that almost any winemaker wants to try his or her hands on it. The Burgundians are highly sceptical of these efforts but plantings outside of Pinot Noir's home, has shown it has swiftly adapted to New Zealand's Central Otago. Other New World wine regions were quick to follow, with some top-class wines produced in Australia's Yarra Valley and especially Oregon's Willamette Valley which has gained a reputation for some of the world's best Pinot Noirs. The German version of Pinot Noir, here called Spätburgunder, however, is no new introduction, as it has been in its vineyards at least since the 16th century.

RHONE AND ITS ADMIRERS

The classic, full-bodied and concentrated reds from the Rhône are especially admired by producers in Australia's Barossa Valley. This is no coincidence as the principal Rhône grape, Syrah, was brought over here more than 150 years ago, and became known as "Shiraz". On its own or in a classic blend with Grenache and Mourvèdre, it mirrors the Châteauneuf-du-Pape style, with notes of plum, black olives, and dark fruits, with the Rhône versions showing perhaps a touch more restraint.

NOBLE ROT AND LUSCIOUS SWEET WINES

The most precious of all wines, as they are extremely labour intensive to produce. All sweet wines are essentially the result of a concentration of the juice, either by a very late harvest, where the grapes literally shrivel on the vine, or by botrytis, a noble fungus, which attacks the grapes and causes for evaporation of part of the juice in the berry. The most ancient method, however, is drying bunches of grapes in the sun (passito). Port needs no further introduction and is complemented here with a rare vintage-wine. Sweet wines are fantastic matches for sweet fruit desserts or enjoyed on their own as a perfect finish to a good meal.

SAKE

Sake is an ancient rice based beverage obtained by fermenting rice. Contrary to wine, Sake is being brewed similar like beer, but unlike malt, rice doesn't contain the enzyme needed to break down starch into sugar, which consequently is fermented into alcohol. Rice is first polished to remove the protein and soaked in water and cooked. After cooling down it is inoculated with a fungus and water is added to produce a mash which is fermented. The process is a far more lengthy one than for beer, and the origin and quality of the rice play a crucial role in obtaining a complex wine. Unlike industrial products, Sake from small breweries can be as multi- flavoured and fascinating as wine made from grapes. Contrary of what is often believed, most modern style Sake gains by being served lightly chilled, and can be as versatile a food match as any wine. The Isake collection, of which the finest Sakes were picked for our list, has been created by French Sommelier Xavier Chapelou and Japanese Sake expert Kumiko Ohta. Inspired through many journeys to Japan they discovered the subtle masterpieces of some of the best brewers. They have picked up some of the brewer's secrets and created a unique collection of Premium Sakes.

MM01	Yuki Isake – Naniwa Sake Brewery, Japan (300ml)	45
	A very accomplished level of acidity brings an uplifting crispness of fresh lemon and bitter-sweet grapefruit. Recommend to serve it chilled.	
MM02	Isake Classic – Tatsuuma-Honke Brewery (720ml)	55
	Refreshing, medium dry Sake with a nose of melon and peach, it is extremely smooth with a clean and long finish. Very good when served chilled, but also excellent warmed up slightly (nurukan) to enhance the Sake character.	
MM03	Fat Samurai - Kaetsu Shuzo Brewery, Niigata, Japan (720ml)	85
	This Sake holds a high polishing rate of 40% and is made with no added alcohol to cease fermentation while retaining its full bodied, dry flavours.	
MM04	Zen Sake – Naniwa Brewery (720ml)	170
	Zen has a delicately exotic fragrance and a creamy taste, which creates a harmonious feeling. Very smooth and well-rounded flavours settle into the centre of your palate, refreshed by a long crisp finish.
