

This wine list reflects our passion for wine and desire to explore and learn from some of the best and most innovative wine producers in the world.

Our list provides an important context for our range of wines at Ten Minutes by Tractor. You will find the best of what the Mornington Peninsula has to offer, as well as a curated list of some of the most exciting and iconic winemakers, regions and grape varieties produced throughout the world of wine.

We strongly believe that great wines are the result of sustainable viticultural practices, a focus on soil and vine health and our responsibilities as custodians of the land. Thus, we selected producers we know share this philosophy and who are working to craft wines that are exceptional expressions of their terroir.

Most importantly, this wine list provides a wonderful array of wines, that can be enjoyed on their own or to complement the menu of our Head Chef Hayden Ellis and his team, who focus on fresh, seasonal, and locally sourced ingredients, including from our own market garden.

Our experienced and professional team of sommeliers are here to help guide you should you need assistance with your wine matches and your time with us.

We invite you to follow us and our story as we continue to explore the world of wine and how it can help transform a dining experience and bring joy to every special occasion.

CHAMPAGNE - A FOREWORD

Champagne has been the celebratory wine of choice now for decades. The demand for quality has never been greater and the winemakers have risen wonderfully to the challenge. You find many different styles in the region, based around three key varieties, Chardonnay, Pinot Noir & Meunier.

As in Burgundy, wines may be classified as Premier Cru (1^{er} Cru) or Grand Cru. However, these designations are based around villages and not individual vineyards. There are 42 Premier Cru and 17 Grand Cru villages in Champagne.

In order to help you navigate our list we offer the following definitions;

Négociant Manipulant (NM)

The most classic expressions of Champagne, no doubt come from the Grand Marques. These famous producers buy fruit from all around the region to craft their hallmark styles. High overall quality and consistency through the vintages has been the key to success over the decades.

Récoltant Manipulant (RM)

These wines, known commonly as Grower Champagne's are producers who solely make Champagne from fruit grown in vineyards owned by the estate. They offer some of the most profound expressions of their terroir and many beautiful styles have emerged.

Blanc de Blancs

Wines made from exclusively white varieties, most commonly Chardonnay, particularly grown in the Cotes des Blancs. The style is most associated with wines of purity, elegance and freshness.

Blanc de Noirs

Wines produced exclusively from red varietals, Pinot Noir & Meunier often grown in Montagne de Reims and the Vallee de la Marne. Stylistically more powerful and opulent than Blanc de Blancs they often have great structure and richness.

*Where possible we have listed non-vintage wines base vintages to help differentiate releases of the same cuvée, this may be done with our own designation or the producers if they use one. eg; B17 (Base 17).

FRANCIS EGLY AT DOMAINE EGLY OURIET

Francis Egly has become famous for his rigorous and unrelenting pursuit of excellence in his winemaking. Meticulous work in the vineyards, old vines, low yields and long aging on lees has given the domaines wines a place among the giants of the modern wine world. In thirty year career Francis has built a reputation as one of Champagne's greatest growers.

Les Premices is an equal blend of Pinot Noir, Chardonnay and Meunier. On average, the vines are 40 years old. One difference here is that the wine ferments and ages exclusively in tank.

B20	Les Premices Brut (1g/L) - Disgorged 07/24	440

-----	---	-----

'Les Crayères' is a lieu-dit within the Grand Cru of Ambonnay, Egly Ouriet's parcel is from a 1946 planting and is now over 75 years old. This is arguably one of the greatest sites in Champagne.

B15/16	'Les Crayères' Grand Cru Extra-Brut (2g/L) - Disgorged 07/23	1300
--------	--	------

Selected parcels from 40-year-old vines and raised completely in barrel. A powerful expression of Ambonnay, and, as with 'Les Crayères, it undoubtedly represents one of Champagne's greatest wines.

2014	Millésime Extra-Brut (1g/L) - Disgorged 07/23	1650
------	---	------

ANSELME SELOSSE AT DOMAINE JACQUES SELOSSE

Anselme Selosse is today the most influential grower in Champagne, who inspired an entire generation of young winegrowers. His champagnes have become some of the most sought after wines in the world. His style is controversial: a few believe it to be the most significant expression of the wines from the region; others find it incomprehensible.

TEN MINUTES BY TRACTOR - CHARDONNAY

IOX Range

IOX wines are sourced from several vineyards on the Mornington Peninsula and are therefore a regional expression of each variety. All our fruit is Estate grown or managed.

Judd Vineyard - Main Ridge

First planted in 1990, this is our steepest and highest, reaching 206m at its highest point. The Judd vineyard is much more generous in the fruit flavour profiles which offers a unique point of difference from the elegance of Wallis or the delicacy of McCutcheon.

2013	Judd	245

McCutcheon Vineyard - Main Ridge

Planted in 1992, McCutcheon is our second highest site, at 200m at its highest point. The McCutcheon vineyard leads to more elegant flavours with greater structure and finer tannins than Judd or Wallis in most years.

Wallis Vineyard - Flinders

First planted in 1992, this is both our second flattest and lowest altitude vineyards reaching only 142m at its highest point. The northeast slope means it receives good daytime light and heat exposure, though nighttime temperature fall quickly as the valley acts as a drain drawing the cooler night air down through the vineyard and off into Bass Strait. 'Ocean' sea breezes from Bass Strait also keep temperatures lower than they might otherwise be expected to be.

Mills Vineyard - Merricks North

Planted in 2000 by the Mills family, the quality of the Mills Chardonnay has always shone through and has been an important component of our Estate bottling in recent years. In 2017 a new Chardonnay block was planted with clone 95, and the first vintages from these young vines have further underlined the quality of this site.

BURGUNDY - A FOREWORD

The Côte d'Or has become synonymous with precision and finesse for Chardonnay and Pinot Noir, with one of the most complex vineyard landscapes in the world. The concept of terroir here is at its strongest, with each individual vineyard showing its own true character and style.

It is common for a vineyard to be broken down into parcels. Each owned, managed and produced by different domaines and negociants infusing their own viticultural and winemaking style into the wines.

The complex combination of different producers, vineyards, villages and appellations can lead even the most well-versed wine enthusiasts into confusion. In an endeavour to simplify this as much as possible we offer the following definitions:

Regional wines or 'Bourgogne Blanc & Rouge' can come from anywhere within Burgundy and are not tied to a village or vineyard. They represent the majority of wines produced in the region.

Village wines are produced from vines located within a specific village, for example 'Chambolle - Musigny'. These wines begin to show a sense of terroir from their respective village.

Premier Cru (1^{er} Cru) vineyards are named vineyards within a village, with their own demarcated boundaries, and show significant expression of site, with different exposures, soil profiles and levels of elevation. These are some of Burgundy's best wines.

Grand Cru; there are 33 vineyards in the Côte d'Or that can append this legendary title to their wines, together they are some of the greatest vineyards on the planet. Certainly, the most famous, they represent around one percent of overall production from the region.

We hope that you enjoy our collection. The wines of Burgundy are becoming harder and harder to find, and we wish for them to be enjoyed for what they are:

Magic.

TEN MINUTES BY TRACTOR - PINOT NOIR

IOX Range

IOX wines are sourced from several vineyards on the Mornington Peninsula and are therefore a regional expression of each variety. All our fruit is Estate grown or managed.

2024	IOX	105
2019	IOX	135
2005	IOX	195

Estate Range

Our Estate wines are a barrel selection from our individual vineyards which are blended to create the best expression of Mornington Peninsula Pinot Noir in the given vintage.

Trahere

This limited release wine is the culmination of all the things that define us: our unique land, the drive to pull forward and our passion to learn and bring people together.

2022	Trahere	270
2021	Trahere	280

Judd Vineyard - Main Ridge

First planted in 1990, this is our steepest and highest, reaching 206m at its highest point. The Judd vineyard is much more generous in the fruit flavour profiles which offers a unique point of difference from the elegance of Wallis or the delicacy of McCutcheon.

2007	Judd	300

McCutcheon Vineyard - Main Ridge

Planted in 1992, McCutcheon is our second highest site, at 200m at its highest point. The McCutcheon vineyard leads to more elegant flavours with greater structure and finer tannins than Judd or Wallis in most years.

2021	McCutcheon	200
2015	McCutcheon	285
2012	McCutcheon	295
2007	McCutcheon	300

Wallis Vineyard - Flinders

First planted in 1992, this is both our second flattest and lowest altitude vineyards reaching only 142m at its highest point. The northeast slope means it receives good daytime light and heat exposure, though nighttime temperature fall quickly as the valley acts as a drain drawing the cooler night air down through the vineyard and off into Bass Strait. 'Ocean' sea breezes from Bass Strait also keep temperatures lower than they might otherwise be expected to be.

2022	Wallis	185
2021	Wallis	200
2019	Wallis	210
2018	Wallis	225
2015	Wallis	235
2010	Wallis	295

Coolart Road Vineyard - Balnarring

First planted in 2000, this is our northern Peninsula, down-the-hill vineyard in the Balnarring region. It is also our flattest with a maximum elevation of 72m. It is markedly different from the other single vineyard wines, dark and dense in comparison.

Founded in 1890, 4 Generations of Bize built this quiet domaine in the heart of Savigny. After Patrick Bize's untimely death his wife Chisa took over in 2013. Her wines are both delicate and powerful. Choosing to punch down more than usual, use high proportions of whole bunches and little new oak. No Pesticides or fungicides are used in the vineyard.

GUILLAUME MARQUIS D'ANGERVILLE AT MARQUIS D'ANGERVILLE

The estate was born in 1804, and the legacy continued in the early 1900's when Sem Marquis d'Angerville pioneered domaine-bottled Burgundy alongside his friend Henri Gouges. Jacques, who took over in 1952, brought the estate to even greater heights. Sadly, he passed away in 2003. His son Guillaume is now leading the domaine. Biodynamic since 2006.

Wine lists are not just a listing of wine.

They are a story which is passed from Sommelier to Sommelier. If you have the opportunity to see them evolve over time you can see the personalities of the people who deliver them.

To that end we would like to thank Jacques, Xavier, Noar, Jamie, Kyle and their teams for providing us with the fabric to continue telling that story and for the treasures they left for us to now enjoy.

Our biggest thank you must go to the small army of people who make this wine program possible. Countless hours are poured into lists across the world but none of it would be possible without the winemakers and vineyard workers, but also our colleagues both on the floor and in the kitchen, our wholesalers, and the people who safely transport our wines from all corners of the globe.

We hope you've enjoyed the read, and we look forward to welcoming you back.
