

FRED'S

Fred's beverage list has been tailored to represent wines and other beverages that speak about places, culture and family. Within these pages you'll find the full spectrum of classic wines, but also lesser known regions or varieties to offer the curious guest the opportunity of a new discovery.

Fred's sustainable menu philosophy is complemented by a wide selection of attentive growers working with minimal intervention, organic or biodynamic practices.

We are looking forward to sharing our passion with you.
