- Åive Källvatten Stilla / Kolsyrat 100 cl -

Åive källvatten kommer från kallkällan vid foten av fjället Hirvasåive norr om Polcirkeln. Detta naturliga mineralvatten har mycket låga halter av partiklar och neutralt pH. Skapat av naturen för över 10 000 år sedan.

Utvinningen sker utan brunnsborring eller åverkan på naturen. Vattnet genomgår en reningsprocess på mer än 26 år innan det når ytan.

Åive är utnämnt till Sveriges renaste vatten godkänt av Livsmedelsverket och är därför vårt självklara val. Vi på Lindgården skänker 5% av all försäljningen till Naturskyddsföreningen för projektet Rädda Östersjön.
