

Here we go!

Since you're holding this book, it means you're ready to explore the world of wine with us, and we can't wait to take you on this exciting journey!

We're always on the lookout for fascinating wine regions, unique grape varieties, and interesting producers to add to our collection. Whether you're a seasoned wine lover or just beginning your adventure, we believe wine should be approachable and fun for everyone. Our list might not be the most traditional or filled with famous labels, but we focus on finding hidden gems – and we're incredibly proud of it! Plus, our selection is changing weekly, so there's something new to discover with every visit.

With limited space in our wine fridge, some bottles are kept in our cellar. This means that a few of the white wines may need a little extra time to chill, but we promise the wait will be worth it. Thank you for your patience!

Since many of the wines we offer are limited and in high demand, they might sell out quickly. If your favorite bottle isn't available, don't worry – we'll gladly recommend an exciting alternative.

You are our wine HERO! We're glad you're here!
