

*Great wine is made in the vineyard. Small changes in climate, soil, aspect, elevation, and viticulture, combine to produce wildly different styles. Our list aims to showcase producers that convey a sense of place in their wines.*

*Wherever possible, we have listed the precise location the fruit for each wine came from, regardless of official classification.*

Clarendon Hills was established in 1990 by Romas Bratasiuk, a former biochemist. Focusing on single vineyards (a rarity in Australia at the time), he began crafting ageworthy wines from old vine fruit. Concentrated and elegant, with age these wines develop exceptional complexity and mouthfeel.

'Astralis' is produced from a vineyard planted in 1920, and in a relatively short period of time has become one of Australia's most iconic and collectible Syrahs. 'Romas' is a unique example of Blewitt Springs Grenache which has been melded seamlessly with a careful portion of new oak - the oak being key to its rare ageing potential.

We are thrilled to offer a range of current and back-vintage releases from Clarendon Hills, and hope you will take the opportunity to enjoy these remarkable examples of Australian single-vineyard reds.
