

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

*Kathryn*

# Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

**Organic** - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

**Biodynamic** - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

**Dry-Farmed** - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

**No-Till** - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

**Regenerative** - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

# KATHRYN'S SEPTEMBER PICKS

## SPARKLING

### **Gonet-Médeville Blanc de Noirs Brut, Ambonnay 1er Cru NV ... 92**

*Julie and Xavier Gonet-Médeville are, in many ways, the first couple of French wines. Both hail from storied winemaking families: Julie's family is famous for its incomparable Chateau Gilette, and Xavier comes from a long line of Champagne growers in Le Mesnil. Leading a new generation of winemakers, they bring their family knowledge, methods and passion to the many wines they now make together. They only own 1er Cru and Grand Cru vineyards, and maintain excellent farming. The Blanc de Noirs is a gorgeous gold color in the glass, and it's all about richness and texture.*

## WHITE

### **Mortellito 'Viaria' Moscato Bianco, Sicily 2020 ... 48**

*Mortellito owner Dario Serrentino calls his region 'a desert next to a beach.' In this coastal growing area, the vineyards are just a few kilometers from the beach, bordered by olive and almond trees to protect the vines from wind. But the real specialty of this place is the limestone soil which has 'the magic to produce wines with tension, freshness and complex salinity.' After a career as a social worker, in 2014 Dario turned his full attention to the family farm and bottled his first wine. His style is neither 'glou-glou' nor 'luxury' over-produced - it's fine and natural wine. That means really well-made, natural wine with complexity and finesse. This one just jumps out of the glass with floral and perfume aromatics - it's a show stopper!*

## RED

### **Berthaut-Gerbet, Hautes-Côtes de Nuits, Burgundy 2018 ... 75**

*I had the pleasure of meeting winemaker Amélie Berthaut a few years ago here in Los Angeles. She's charming and bright - a young woman who is finally bringing attention to the appellation of Fixin, one of the hidden gems in Burgundy. Her family has been making wine for hundreds of years. In 1693, a motto was carved into a stone lintel in the Berthauts' house: Bien faire vax miev que dir, "doing right is better than talk." When she took over her parents vineyards, she converted everything to organic viticulture and poured her heart into the family estate. Through her work, she has quietly emerged as one of the leading young women in Burgundy today. Her wines are vivacious and elegant, delicate and complex - my favorite style of Pinot Noir.*
