SAKE

Chikuma Nishiki 'Kizan Sanban' 2024 Nagano

The water in Nagano is well known for its purity and Sake produced in the region tend to be higher in acidity. The residual sugar in the Kizan Sanban combined with this refreshing acidity creates a smooth rounded palate with flavours of apple and aniseed. Many Ginjo Sake in the market tend to offer predominately aroma with very little flavour profile, however Kizan Sanban is virtually the opposite of this with its rich, round palate and balanced acidity, yet with a very 'Ginjo' aromatic intensity.

Note: floral nose, off-dry palate with refreshing acidity.

Style: Junmai
Rice & Polish: Miyama Nishiki 55%
Yeast: Brewery secret!
State: Nama - Genshu
Alcohol: 15%
Serve: Chilled

Miyoshino Jozo 'Natural Selection' 2023 Nara

Miyoshino Jozo was established in 1912. Hashimoto-san focuses on yeast which he believes is the best representation of the local environment and the acids emitted by the yeast make the resultant sake very unique. The Natural Selection is a new project from Hashimoto-san. Brewed twice a year each batch is allowed to ferment with indigenous yeast and no temperature control allowing the ferment to finish naturally.

Note: vibrant fruit and acidity with a long complex finish.

Style: Junmai
Rice: Multi rice blend
Polish: 70%
Yeast: Natural
State: Nama - Genshu
Alcohol: 20%
Serve: Chilled

お酒

Kidoizumi 'Shizenmai Hanafubuki' 2023 Chiba

Kidoizumi specialise in their traditional Hot Yamahai fermentation method. Utilising this method gives their sake greater body, higher acidity and depth of flavour along with a complex spiciness. Made from organically grown Hanafubuki rice this naturally fermented sake has a focused and vibrant palate with a drying, elegantly spiced finish.

Note: Vibrant palate with a drying, elegantly spiced finish.

Style: Junmai
Rice & Polish: Hanafubuki 60%

'Free Wine!' - A Natural Wine Bar

Free wine from what is expected, from what is fashionable, from big business, from what has been & from what is old-hat.

Our collection of wine aims to be great. Great wines to drink, great to talk about, important expressions of where they are made, what they are made of and who made them. Our friends: some new, some old.

Some of the wines represented on this list are old friends, they are wines we will continue to love as we watch their evolution.

Some of the wines on our list our new friends, slightly edgy & off-piste, wines that propel us into the future.

There is something interesting to say about every wine on this list & in turn, each wine has something interesting to say back.

Salute

Marie-Pierre Chevassu-Fassenet Château-Chalon [Vin Jaune*] 2014	Jura	280

*White grapes from France's Jura region are generally handled one of three ways during the ageing process:

'Ouillé' Which means the barrels are kept topped up during the ageing process, as per most white wines from other parts of the world. These wines are fresher, lighter and comparable in style White Burgundy.

'Sous-Voile' Here, barrels are not topped up and the wine ages under a veil of Flor Yeasts, in a similar way to the dry wines of Jerez (Sherry) and Manzanilla. These wines are fuller bodied and more aromatic with characteristic notes of curry powder, bread dough and often described as nutty or saline. The epitome of this style is 'Vin Jaune': Savagnin which must age for a minimum of 75 months under Flor.

Oxidative Refers to when barrels are not topped up, but the Flor yeasts do not grow either, these wines age oxidatively and stylistically lean more toward the cooked/dried fruit world, with notes of nuttiness, yeastiness, and even umami.
