Madeira (60ml unless otherwise stated)

“Wine from the island of Madeira near the coast of Africa was discovered completely by accident when one ship going to the West Indies came back with unsold Madeira wine that had changed completely due to the long and hot voyage across the Atlantic. Madeira is virtually indestructible and has an ability to age that is unsurpassable by any other wine in the world!”

Burgundy

Burgundy's vineyards span four French *départements*: Yonne, Côte d'Or, Saône-et-Loire, and Rhône, and comprise nearly 30,000 hectares, not including the wines of Beaujolais. With nearly more than 2000 years winemaking history, the region is considered the benchmark for Chardonnay and Pinot Noir, they also command some of the highest wine prices in the world.

Bordeaux

Located in proximity of the 45th parallel North with a moderate climate influenced by the Atlantic Ocean, Bordeaux claims a long-standing reputation in winemaking. Spanning from structured reds to aperitif whites and luscious dessert wines, this land was officially classified in the 1855 tier hierarchy demanded by Napoleon Bonaparte.
