Madeira (60ml)

Wine from the island of Madeira near the coast of Africa was discovered completely by accident when one ship going to the West Indies came back with unsold Madeira wine that had changed completely due to the long and hot voyage across the Atlantic. Madeira is virtually indestructible and has an ability to age that is unsurpassable by no other wine in the world.

Fondillon by the glass (60ml)

This is a very rare wine hailing from the Alicante region on the southeast part of Spain made entirely from Monastrell which is harvested super late allowing the grapes to raisinate. This wine is incredibly complex, on the nose you have a combination of sweet caramelized fruit with raisins, dates and bee propolis, but don't let that fool you, this is a dry wine!

l'Anglore's smashable wines from Tavel in the Rhone Valley

From Bee Keeper to influential vigneron, Eric Pfifferling lives a life as close to nature as any. His work demonstrates energy, life and precise craftsmanship. Eric inherited 4ha of ancient vines from his grandmother in Southern Rhone's Tavel in 1988, later adding 3ha in Lirac. The soils are rich with gallets, identical to those found in neighbouring Châteauneuf-du-Pape. Initially Eric sold off his fruit to the local cooperative in Tavel, before deciding to making his own wine.
