

CLASSIC REGIONS, OLD SCHOOL AND OFF-THE-BEATEN-PATH, NEW WAVE NATURALS AND
DOWNRIGHT FREAKY JUICE.

These are bottle shop prices, for in-house add \$25 corkage. We also have an ever-changing selection of 30 wines by the glass.

Many of these winemakers follow sound practices concentrating on terroir-driven expressions of traditional regions. Even when not officially certified organic, you are likely not getting adulterated juice.

Unless of course you just want quaffable plonk under \$30. In that case, there's no guarantee of hand-picked, pesticide-free, small production anything. We're not judging, just sayin'...

On the other hand, if you have a sense of adventure and want to try something incredible, there's lots to choose from.
